FIN537: CORPORATE FINANCE

Course Name (English)	CORPORATE FINANCE APPROVED
Course Code	FIN537
MQF Credit	4
Course Description	The subject develops the “art and science” of corporate decision making by applying corporate financial theory to cases of financial policy, financial instruments and valuation. In particular, this subject considers corporate investment decisions (project valuation, acquisition) and decisions that involve financing investments (raising capital, payout policy), while focusing on related theories of corporate finance. Greater emphasis is given on the determination of relevant cash flows from a project and the impact of financing these projects has on its capital structure.
Transferable Skills	Reflective learner
Teaching Methodologies	Lectures, Tutorial, Problem Based Learning (PBL), Discussion
CLO	CLO1 Illustrate the corporate behavior in capital markets and the relationship of agent and principal in raising funds, allocating capital and distributing returns. (PLO2) (C4) CLO2 Demonstrate information management and lifelong learning skill using discussion on firm’s financing decision in the fundamental of corporate finance. (PLO7) (C3) CLO3 Demonstrate the managerial skill through the effects of information and agency conflicts on corporate financial and investment decisions. (PLO9) (A3)
